

Report of the Cultural Activities 2020-21

Cultural activities aim at exploring the hidden talents in students. Through these activities, a platform is created for the students to showcase their creative ideas and expertise in various performing art forms such as Dancing, Singing, Acting and Anchoring. Apart from these creative activities, the competitions are organized in the area of Fine Arts, where many students can show their skills and expertise. The members of the cultural committee plan many such activities throughout the year so that the students will be engaged in exploring their talents.

The academic year 2020-21 was unusual as due to Covid-19 pandemic, the regular lectures, tutorials and all curricular activities were conducted online.
